2. HOW 1-ON-1 PT ELEVATION WORKS (FLOOR TO PERSONAL TRAINING)

A common question from management is: *"How does a member become 1-on-1 PT enabled? Is it when we add PT points?"*

> **YES — PT SESSIONS & COACH ASSIGNMENT AUTOMATICALLY TRIGGER ELEVATION**
>
> An athlete is considered **1-on-1 PT Enabled** when they have an assigned coach and active PT session credits (`ptSessionsTotal > 0`). As soon as session credits are purchased or allotted, the platform elevates the athlete across all portals instantly with zero manual reconfiguration.
