FIT24

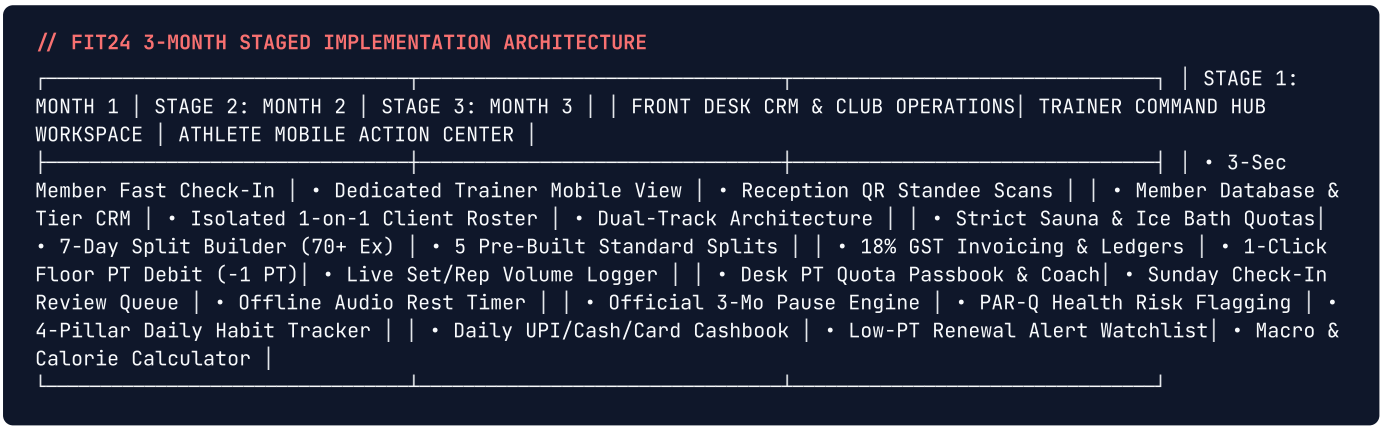

3-MONTH STAGED IMPLEMENTATION PLAN // EXECUTIVE SPECIFICATION

FIT24 THALASSERY, KERALA
Target Launch: Grand Opening (Oct 18, 2026)
Framework: **Month 1 (CRM) → Month 2 (Trainers) → Month 3 (Members)**
Document Status: **EXECUTIVE SIGN-OFF READY**

STRATEGIC RATIONALE: WHY ROLL OUT STAGE-BY-STAGE?

ZERO OPENING-DAY CHAOS

Rather than overwhelming staff, trainers, and athletes with multiple apps on Day 1, FIT24 follows a battle-tested 3-stage rollout. **Month 1 focuses 100% on Front Desk & Club Operational CRM Mastery** to stabilize registrations, stop facility leaks (sauna/ice bath), issue GST invoices, and reconcile daily cash. Once desk routines are flawless, Month 2 equips trainers, and Month 3 launches the member mobile portal as an exclusive VIP upgrade.

1. STAGE 1: MONTH 1 — FRONT DESK & CLUB OPERATIONAL CRM MASTERY (HEAVY FOCUS)

During Month 1, **only the front desk computers and management consoles run the system.** No member or trainer needs to download or log in to anything. All control, billing, attendance, and facility quotas remain securely managed at the front desk.

⚡ 1. 3-Second Fast Check-In & Headcount

FRONT DESK

Optical camera scanner for member QR passes + instant search bar. Desk staff types 2 letters of a member's name, phone, or code (e.g. `F24-1001`) and taps check-in in under 3 seconds.

> **Business Impact:** Eliminates reception bottlenecks during peak morning (6–9 AM) and evening (5–9 PM) rushes. Live counter displays exact real-time headcount inside the facility.

📋 2. Comprehensive Member CRM Directory

DATABASE

Centralized athlete register storing contact details, blood group, emergency contacts, registration date, duration (1, 3, 6, 12 months), and plan tier (Elite, Prime, Pro). Searchable with 1 click.

> **Business Impact:** Replaces fragile paper notebooks and messy Excel sheets with a secure, centralized cloud database accessible only by authorized staff.

🥊 3. Desk-Controlled PT Quota & Coach Tracker

PT CONTROL

Tracks assigned personal trainer (Coach Rahul Menon, Coach Anjali Nair, Coach Vikram Das) and allocated PT session credits (e.g. 6, 12, or 24 sessions) directly from the member CRM table.

> **Business Impact:** Prevents disputes between clients and trainers. When an athlete buys PT, desk credits sessions; when a session is conducted, desk debits `-1 PT`.

🧖 4. Strict Facility Quota Passbook

ZERO LEAKS

Enforces tier quotas for Infrared Sauna (e.g. 4/4) and Cold Plunge Ice Baths. Desk taps `Deduct Quota` to log entry, updating remaining balances instantly with zero guesswork.

> **Business Impact:** Stops unauthorized usage. In unmanaged gyms, non-entitled members sneak into saunas/ice baths, costing thousands in electricity and ice maintenance.

🧉 5. Member Café POS & Auto-Discount Wallet

REVENUE BOOST

Prepaid member wallet for protein shakes, smoothies, and snacks. Automatically applies tier-based discounts (10% for Prime, 15% for Elite) and deducts bill amount from prepaid balance.

> **Business Impact:** Encourages members to prepay ₹1,000–₹5,000 into their gym wallet upfront, locking in café revenue and speeding up shake pickups post-workout.

🎱 6. Snooker Lounge & Guest Pass Allocator

AMENITIES

Tracks complimentary guest passes (e.g. 2 passes for Elite members) and snooker lounge hours. Logs guest name and member sponsor to preserve club exclusivity.

> **Business Impact:** Turns guest passes into a high-converting sales funnel. Guests who visit with an Elite member are automatically captured as warm leads.

⏸️ 7. Official Brochure-Compliant Pause Engine

POLICY CONTROL

Enforces FIT24's official policy: freeze/pause is strictly valid only on plans ≥ 3 months, for a minimum of 7 consecutive days (max 2 blocks). Automatically recalculates expiry date.

> **Business Impact:** Eliminates staff favoritism and unauthorized membership extensions while giving legitimate traveling athletes clear, fair pause terms.

🧾 8. 18% GST Tax Receipt & Daily Cashbook

ACCOUNTING

Generates compliant GST tax invoices (9% CGST + 9% SGST). Live daily financial closing ledger categorizes every rupee into UPI / GPay, Cash, and Card/POS before desk sign-off.

> **Business Impact:** Simplifies monthly GST filing for your CA. Zero cash discrepancies between receptionist shift handovers.

⚠️ 9. 14-Day Automated Churn & Expiry Shield

RETENTION

Proactive radar that automatically filters all members whose plans expire within the next 7 to 14 days. Provides a 1-click WhatsApp renewal reminder pre-filled with their details.

> **Business Impact:** Prevents members from continuing to train unpaid while lifting renewal conversion rates by 25% through timely, courteous reminders.

🎯 10. VIP Lead Capture & Inquiry CRM Pipeline

SALES PIPELINE

Captures website VIP tour requests, phone inquiries, and walk-in prospects. Tracks stages (New Inquiry → Tour Booked → Trial Active → Converted Member).

> **Business Impact:** Ensures no prospective high-paying lead falls through the cracks during the Grand Opening marketing campaign.

2. STRATEGIC COMPARISON: FIT24 CUSTOM PLATFORM VS COMMERCIAL GYM SOFTWARE

Why owning a custom-engineered web platform tailored to FIT24 outperforms off-the-shelf software subscriptions:

EVALUATION METRIC	COMMERCIAL OFF-THE-SHELF GYM SOFTWARE	FIT24 PROPRIETARY WEB PLATFORM
Recurring Software Cost	₹25,000 to ₹45,000 charged every single month + per-user seat licenses + SMS credits.	**₹0 / Month Forever**. Fully owned outright. **Saves ₹3,00,000 to ₹5,00,000 every single year**.
FIT24 Policy Matching	Rigid commercial templates. Cannot enforce FIT24's 3-month pause policy or specific sauna tier quotas.	**100% Exact Policy Match**. Tailored specifically to FIT24's brochure rules, sauna/ice bath allocations, and 18% GST rules.
Member App Store Friction	Forces members to download a 100MB native app from App Store / Play Store. 40% of members refuse or forget passwords.	**Instant Progressive Web App**. Opens in 2 seconds via reception QR scan on any phone browser. Zero downloads, zero storage footprint.
Front Desk Usability	Bloated with 50+ confusing sub-menus designed for generic gyms; slow 45-second check-ins create reception queues.	**Streamlined Reception Console**. Fast 3-second check-in, 1-click quota debiting, and quick front desk shortcut tiles.
Amenity Quota Protection	Treats sauna, cold plunge, and snooker as generic notes; paper coupons easily lost or forged.	**Strict Digital Passbooks**. Deducts sessions with 1 click, showing exact remaining vs total quota (e.g. `3/4 Left`).
Data Ownership & Privacy	Member data stored on third-party multi-tenant servers. Vendor can hold data hostage or hike renewal fees.	**100% FIT24 Proprietary Data**. Secure private cloud database with encrypted backups. FIT24 owns every byte of member data.
Brand Experience	Generic commercial vendor branding ("Powered by GymSoft") diminishes your luxury boutique status.	**Signature FIT24 Luxury Aesthetic**. High-performance electric red and obsidian styling reinforcing your position as the #1 club in Thalassery.

5-YEAR FINANCIAL SAVINGS ANALYSIS `₹15,00,000+ PRESERVED`

By eliminating commercial software monthly fees (₹30,000/mo avg) and native app maintenance contracts, **FIT24 preserves over ₹15,00,000 to ₹25,00,000 across 5 years** directly in the club's capital reserves, while providing a faster, 100% custom-tailored user experience.

3. STAGE 2: MONTH 2 — TRAINER COMMAND HUB & COACHING OPERATIONS

Once desk staff operates the CRM with 100% confidence, personal trainers receive mobile access to their dedicated coaching portal. **Trainers operate in an isolated environment**—they see only their assigned clients and floor athletes, with zero access to club revenue or desk settings.

🥊 Dedicated 1-on-1 Client Roster `ISOLATED VIEW`

Trainers see their assigned client list, remaining PT sessions, and automated **Adherence Score (0–100%)** calculated from attendance and weekly check-in completion.

⚡ 7-Day Day-by-Day Split Builder `PROGRAMMING`

Coaches prescribe custom workouts from a dropdown of **72 movements** across 10 body categories, setting target weights, tempo cues (e.g. `3-0-1-0`), and biomechanical coaching notes.

1-Click Floor Session Debit (-1 PT Done)

ACCOUNTABILITY

After training a client on the floor, the coach taps `-1 PT Done` directly on their phone. This logs the session in the unified audit log and updates remaining session counts.

Sunday Reflection Review Queue

CLIENT RETENTION

Dedicated inbox where trainers review weekly client check-ins (energy rating, obstacles, wins), reply with debrief notes, and adjust the upcoming week's training split.

Floor Athlete Claiming (Sales Funnel)

PT UPGRADES

Coaches can view unassigned gym floor athletes and tap `Claim to Me` upon PT package purchase, instantly moving the member into their active 1-on-1 roster.

PAR-Q Health Screening & Risk Flags

SAFETY & LIABILITY

Pre-exercise Physical Activity Readiness Questionnaire flags cardiac, orthopedic, or blood pressure contraindications (⚠️ `Caution`) to protect club liability.

4. STAGE 3: MONTH 3 — FULL ATHLETE MOBILE PORTAL LAUNCH & MEMBER CULTURE

In Month 3, the platform is introduced to all gym members as an **exclusive VIP technological perk**. Members scan the reception acrylic standees, enter their Member Code (e.g. `F24-1001`), and immediately access their daily workout timeline.

```
// AUTOMATED DUAL-TRACK ARCHITECTURE (MEMBER PORTAL)
┌──────────────────────────────────────────────────────────────┐ | MEMBER MOBILE ACTION CENTER |
└──────────────────────────────────────────────────────────────┘ |
┌──────────────────────┴──────────────────────┐ ▼ ▼ TRACK A: 1-ON-1 PT CLIENTS TRACK B: SELF-GUIDED FLOOR MEMBERS • Dedicated Coach Profile & Bio Card • 5 Pre-Built Periodized Splits (PPL, Upper/Lower) • Direct 1-Tap Coach WhatsApp Chat • 1-Click In-App Routine Switcher • Coach-Prescribed Progressive Overload Timeline • 72-Movement Exercise Directory with Form Cues • Live Remaining PT Passbook (e.g. 18/24 Left) • Smart Goal Macro & Calorie Calculator • Guided Sunday Reflection Submission • Duty Desk Floor Support & Transparent PT Upgrades
```

🏋️ 5 Pre-Built Standard Splits

`FLOOR ATHLETES`

Solves the 60% 30-day drop-off by giving unguided members ready-to-use programs: PPL (6-Day), Upper/Lower (4-Day), Full Body (3-Day), Fat Shred (5-Day), and Ladies Sculpt (4-Day).

🔄 1-Click In-App Routine Switcher

`FLEXIBILITY`

Self-guided members can switch routines anytime as their fitness goals change (e.g. switching from Fat Shred to Upper/Lower) without waiting for staff assistance.

📈 Progressive Overload Set/Rep Logger

`WORKOUT LOG`

Pre-fills previous session weights and cues progressive overload (+2.5 kg). Calculates total volume tonnage lifted and tracks personal bests (PRs).

⏱️ Synthesized Offline Audio Rest Timer

`TIMING`

Built-in rest countdown (60s, 90s, 120s) with clean dual-tone audio chime synthesized natively via Web Audio API. Zero external audio downloads, 100% offline reliable.

🔥 4-Pillar Daily Habit Accountability

`LIFESTYLE`

1-tap daily tracking for 10,000 steps, 3.5L hydration, 8 hours sleep, and protein target completion. Energy balance compares calories consumed vs calories burnt.

🥗 Smart Goal-Based Macro Calculator

`NUTRITION`

Calculates precise daily calories, protein (g), carbs (g), and healthy fats (g) tailored to member weight and goal (Fat Loss -20%, Recomposition, or Lean Muscle Bulk +15%).

5. IMPLEMENTATION & ROLLOUT MILESTONES CHECKLIST

Structured roadmap ensuring smooth operational transitions across each 30-day milestone:

MONTH 1: DESK & CRM

Oct 18 – Nov 18, 2026

- Bookmark Front Desk Console on reception PC/tablet.
- Run 15-min staff drill on check-in, GST billing, and quota passbooks.
- Register all opening-day members and issue WhatsApp codes.
- Balance daily cashbook ledger across UPI, Cash, Card.

MONTH 2: TRAINER HUB

Nov 19 – Dec 18, 2026

- Conduct 30-min coach workshop on mobile rosters.
- Coaches program 7-day splits using the 72-exercise picker.
- Trainers log 1-click floor debits (`-1 PT Done`).
- Review low-PT renewal alerts for proactive renewals.

MONTH 3: ATHLETE PORTAL

Dec 19, 2026 & Beyond

- Place 2 acrylic QR standees at reception desk.
- Broadcast WhatsApp launch message to all active members.
- Members begin logging daily workouts and 4-pillar habits.
- Establish automated Sunday check-in reflection habit.

EXECUTIVE VERIFICATION & SIGN-OFF

- ✓ **Month 1 Scope Locked:** Front Desk CRM Console, 3-sec check-in, 18% GST invoices, sauna/ice bath passbooks, and desk PT quota tracking.
- ✓ **Month 2 Scope Locked:** Isolated Trainer Workspace, 72-movement split editor, floor debiting, and Sunday review queue.
- ✓ **Month 3 Scope Locked:** Athlete Mobile Action Center, dual-track coaching, 5 standard routines, and habit tracking.
- ✓ **Zero Ongoing Software Overhead:** Saves ₹3,00,000–₹5,00,000 every year with 100% proprietary ownership.
